

**Reflex Packaging** has become one of the top suppliers of HDD cushion packaging in the world. Our customers include WD, Maxtor, Hitachi, and IBM - with combined shipments exceeding 400,000 packs per month. We have now established a program to offer this award winning packaging to customers who require smaller quantities. These kits are available to package both 2.5" and 3.5" HDD models. Simply contact Reflex to have your HDD packaging requirements fulfilled.

### Performance

**ReFlex®** cushions offer top level protection to ensure that your Hard Drive shipments arrive at the customer intact.

### Storage & Shipping

**ReFlex®** cushions stack! This feature can reduce your warehouse space requirements by up to 85%. The following list contains the quantity of each pack per pallet.

**3.5" Single pk = 1,200 sets /pallet**

**3.5" 5 pk = 400 sets /pallet**

**2.5" Single Pack = 1,200 sets /pallet**

**2.5" 5 Pack = 400 sets /pallet**

### Environmental

Manufactured from 100% recycled PE content, **ReFlex®** cushions are environmentally preferred to foam packaging. They are also 100% recyclable.
